★ Leap combo (learn via video) Could include, turning disc, calypso, tilt jump, etc.

★ Turns in Second sequence (learn via video)

How to Video Tape:
● Find a place that has good lighting and gives the participant adequate space.
● Have someone tape the participant from the front (besides splits). If you use a phone, make sure to film with the phone horizontally instead of vertically. Make sure the video is clear.
● Upload video to YouTube under the “unlisted” category (so it is not a public video). Send video links. If participants can splice videos together using a program like iMovie, that is ideal, but not mandatory.

What to wear:
